### Please pay attention to the following:

If your company carries out work for Tata Steel, where your company and Tata Steel have a direct client/contractor relationship (through framework contracts/orders), your company has a BIN (Company Identification Number) through the Vendor Qualification process of the Procurement department. For any questions you may have about Tata Steel site access of your company in relation to BIN, please send your question by e-mail to contractoraanmelding@tatasteeleurope.com.

<sup>\*)</sup> To perform work at the Tata Steel site a Company SCC, SCP, LSC or LSI is required.
